

Drama Club

It is indeed a pleasure to be apart of the drama club It is a very popular club! Knowing the plethora of talent at our disposal, we regret that not all aspiring actors, writers and stage artists could be given a chance. Having said that, there was a lot of enthusiasm with some talented A-1's acting in a play performed for Marie Adelaide Leprosy Centre on

the occasion of 56th International Leprosy Day. It was an instant hit, and with social issue such as leprosy being addressed, the writers had to tread carefully, but their script and performance came out beautifully. Our other major achievement was at first FPS drama festival, with our own original script and a fresh batch of actors mixed with old regulars. The trophies for 1st Runner up and Best School team have now added to our already bulging trophy case.
