

The Everlasting Society

The Everlasting Spirit is OUR community service society. Our mission statement is to reignite the spirit of humanity amongst students, and the society at large. So far, we have successfully carried out the Rehabilitation Program for the Earthquake Survivors of Pakistan-2005, a Drug Awareness Program for the Youth, raised funds for charities such as the Edhi Foundation, Marie Adelaide Leprosy Centre, collected

medicines for Bela District Hospital, Balochistan, Ration distribution in Khoso Goth, and the Zindagi Trust that are working towards the alleviation of socio economic problems in our nation. This society is an important aspect of bringing out the compassion, effort and endurance among the young generation and acting as true catalysts for change in the “Big Bad World”
