

## Film, Media & Journalism

The Film, Media and Journalism club is an integral part of BVHS. It is through the relentless effort of our members that it has been possible to publish the year book. In addition, we have also published a quarterly newsletter “The Chronicle”, which has been a completely student run endeavor.

With two such impressive publications under our belt, it is safe to say that FMJ has truly awakened an appreciation of the Media amongst the students.

With deadlines to be met, writers to badger and the endless hours of facebook stalking for pictures, there was never a dull moment when putting together an issue of the “The Chronicle” or the Bay View Yearbook, “The Spirit Lives On”.
