

Music Club

It has been a true honour for our trio of musicians and our instruments to be working for the music club. Prior to the inception of the club, all musically talented individuals would have to struggle for the lime-light. We have taken great strides in trying to form a platform for all those who wish to learn, teach and perform.

Though used many times as fillers on others occasions, the club has had some great successes in the form of the acoustic concert and the bonfire talent hunt.
